In 2014 Grupo Antolin's workforce grew for the fifth year in a row and topped the figure of 15,000 people. Last year the company added 803 employees, representing globally growth of 5.6%. By regions the largest increases took place in Asia and Europe.

In Asia, the world's leading automotive market, the workforce rose almost 13% to reach 2,761 people spread across China, India, Japan, Thailand and South Korea. Employees in Asia now account for more than 18% of the company's total.

The other area with a significant increase was Europe with a rise of 8%. In Spain the workforce now stands at over 2,500 people after adding 112 new employees, representing a growth of 4.65%. These figures are a sign of the good performance of the automobile industry which has become one of the main creators of jobs.

Grupo Antolin's 15,024 employees work in 125 centers in 25 countries on all continents. The workforce is distributed as follows: Europe accounts for 60%, Asia 18%, North America 17% and Mercosur 5%. This growth confirms the success of Grupo Antolin's strategy which is very focused on delivering the best possible service to its customers and supporting them wherever necessary.

The company has a significant presence in the leading global automotive markets where it has already gained extensive experience. It is worth remembering that the company is present in one in four vehicles worldwide.
